None responsive quo Quotation

Bidders	Reason for rejection
Artpoligraf LTD	The supplier did not offer a fix price quotation. His price has 2 prices where first is fix price for printing and the second is a variable price which depends on the distance that the distribution person will travel. PAS Center requested the supplier on May 4, 2018 to adjust the quotation to have a single price quotation but no adjustments were received.

The Evaluation Commission established that the winner company as it has the smallest total price evaluated is: **Maximize SRL**

Total Price of the Contract Award **MDL 280 755,00**

Sincerely,

Stela Bivol,

Director
